1. As the installation of the "T"connection has already been completed, nothing survives for consideration in this Petition. Counsel for the petitioner however, submits that although the connection has been installed, water supply has not been made available to the suit premises. Needless to observe that the water will be supplied by the Corporation and that Respondents have no control over that situation. It will be open to the petitioner to pursue the matter

with the Corporation for resuming water supply. The Respodnents assure through Counselthat all necessary support or compliance for that purpose will be provided to the petitioner. That assurance is accepted.
